Third Quarter 2026 – Closed Captioning Certification

Newsmax Broadcasting, LLC

Newsmax Broadcasting, LLC currently meets requirements set by the Federal Communications Commission (FCC) requirement of Closed Captioning (See 47 C.F.R. § 79.1) for the 2026 third quarter period from July 1, 2026 to September 30, 2026. Newsmax uses a service by EEG called Lexi, which is a cloud based system that translates the speech to text, then sends it to an EEG encoder model HD 490, which embeds the captioning into our broadcast stream that is then distributed to our linear and digital partners.
